THE PREZ SEZ

By Paul Weisz, K6YQ

There is not much in the way of sensational news to report this month. We have accomplished some of the interim goals set a few months ago, and things are fairly quiet for the moment.

The next big event will be Field Day (23-24 June), and preparations are well under way. This year, we have a new site, and a somewhat different approach. We hope to have heavy participation by all club members. There is a need for operators, loggers, setup/teardown people, runners,

logistics experts and critics. Depending on your talents and inclinations, get in touch with Doug Heydon, FD Chairman, Bill Dews, Deputy Chairman(OPS) or the team captain of your choice.

For the last five years, the TRW/ARC has placed high in its class in Field Day scores. Lets see if we can be first this year.

AMSAT OSCAR TEST

By Wally Linstruth, WA6JPR

The JPL Amateur Radio Club is assisting the AMSAT Corporation in a planned exercise of the DJ4ZC/DJ5KQ Euro-Oscar Translator to be flown as a portion of the AMSAT-OSCAR-B Satellite. The test will involve a statewide aircraft flight of the transponder scheduled for Saturday September 8, 1973.

The transponder is a 10 to 14 watt PEP linear translator which accepts up-link signals between 432.125 and 432.175 MHz, and re-transmits them between 145.975 and 145.925 MHz.

If you are planning to take part in this activity, please let me know so you can be included in the planning effort.

TRW/ARC MEMBER DISCOUNTS

By Ed Thornley, WA6JHD

We would like to advise all our new members and remind our old ones, that two local ham equipment and supply organizations offer nice discounts to our members. See the friendly managers of: LA Electronix Sales, 23044 S. Crenshaw Blvd., Torrance and Electronic City, 4001 W. Burbank Blvd, Burbank. Please have your TRW/ARC membership card with you when you make your purchases and you'll be pleased with the results.

SECRETARY'S REPORT

By Frank Halligan, WB6GBC

The regular monthly meeting of the TRW/ARC Executive Committee was called to order at 12 noon on Tuesday, 10 April 1973, by President Paul Weisz. Other officers and staff in attendance were: Carter, Halligan, Dean, Trapp, Rothrock, Thornley, Heydon, Kennedy, Wineman and Koho.

OLD BUSINESS

There was no old business of any note discussed.

NEW BUSINESS

1. Club Station Enhancement Plan. President Weisz formally requested that a station plan be formulated by Roger Trapp for presentation at the next Executive Committee meeting.
2. Application for Quarterly Allotment. Jerry Dean reported that the necessary paper work had been submitted to SEA for the quarterly allotment.
3. Ground Station Support. Review of a request for the TRW/ARC to support a ground station during over-flight tests of AMSAT-OSCAR equipment was discussed. It was found not feasible due to lack of necessary 432/144 MHz

equipment. (Editors note: See Wally Linstruth's write-up on Page 2)

4. Field Day Filters. A motion was passed for the club to defray any expenses incurred by members fabricating filters for Field Day usage. Fred Reed, W6UMC is coordinating this activity.

The meeting was adjourned at 1 PM.

TREASURER'S REPORT

By Jerry Dean, WA6GVO

Balance on hand March 8, 1973..... \$ 420.56

Receipts

Dues (new)	\$ 6.00
Dues (renewals)	20.00
4th qtr '72 SEA allotment	98.75

ARRL membership fees	30.00
Total	<u>\$ 84.42</u>

Balance on hand March 31, 1973..... \$ 513.89

TRW/ARC OP AID

Using the latest techniques available to Computer Science, the club is now able to furnish an alphabetized tabulation by call letters of all members with active licenses. We proudly present in this issue the first tabulation. Keep it handy at your operating position to readily identify your fellow members on the air.
