PAY UP -- OR ELSE

The 1976 TRW/ARC membership year ended for all of us on 30 September, and renewals were due for all full and associate members at that time. If you have not sent along a renewal form (and your dues) then consider this your last complementary issue of CROSSTALK.

In times past, we could afford to be somewhat more relaxed about these crass details. Nowadays, with a single expiration date for all members, and with a reduction in income from SEA, the treasury gets dangerously low at this time of year. So please fill out the renewal form in this issue NOW ! ! !

THE OCTOBER MEETING

At this month's meeting, we're going to see what the future has in store for us, at least as far as new amateur equipment is concerned. Mr. Vearn J. Warne, W6DUX, of Henry Radio, will bring along some of the latest goodies, and will discuss with us some trends in HF and VHF/UHF gear. WEDNESDAY, 27 OCTOBER 1976, 12 NOON, R2-1055

*** MEETING REMINDER *** R2-1055
Always the last Wednesday at noon
Subject: NEW EQUIPMENT
Speaker: VEARN WARNE, W6DUX

NOTES AND NOTICES

PRELIMINARY CONGRATULATIONS to Sherry Freeman, YF of Doug, W6NHX. Sherry recently took the RPVARA novice training course, passed the code test, and has taken the written exam. Looks like Doug will soon have to share the FT-101!

LIFE IS GETTING DANGEROUS for VHF jammers. According to the PARC Bulletin, the Mount Wilson Repeater Association folks have developed T-hunting to a fine art. Recently, the MWRA people were able to locate within a few hours (and confiscate) a jamming device that was troubling the Mt. Wilson repeater, WR6ABE. Furthermore, this was accomplished with relatively simple DF gear. Good Show, Chaps!

STILL WANTED by Paul Weisz, K6YQ, a Yaesu FV-401 outboard VFO for his FTDX-570. Call 535-2822 (days) or 377-7138.

THIS WILL BE A SHORT ISSUE OF CROSSTALK -- Although there is a lot of activity going on, not much of it is finding its way to the editor. Please send in material or we'll have to go bimonthly or even quarterly -- Ye Ed
